CONNECT. DISCOVER. CONTROL. SHARE.

WEYE FEYE™

Wi-Fi remote control for DSLR cameras.

We imagined a Wi-Fi device that put you in total control of your DSLR, allowed you explore and use its powerful functions while expanding your creative mind. Without wires, with instant results and all via an intuitive interface on your preferred smart device. Take control over your DSLR to capture and share your life's story as it unfolds, wirelessly and without physical contact with your camera. All of this and more, made possible by our intuitive App that bonds to Weye Feye's own Wi-Fi network. Documenting your life's story is now easier than ever before.

Take control of your digital eye.

KEY PRODUCT FEATURES

- ✓ Inbuilt 802.11n Wi-Fi router with 80m range.
- ✓ Ultra-fast live view - 0.2s latency
- ✓ Integrated web server – share your story with friends via web browser
- ✓ Tethering App – See your work on Mac/PC in real time
- ✓ 2100mAh on board battery – 8 hours operational life

✓ LIVEVIEW:

Wirelessly streaming live view to your smartphone including Android phone/ Tablet/ and iPhone/iTouch/ iPad. Delay will be as short as 200ms depending on network interference and distance.

✓ TOUCH FOCUS:

Simply touch the live view screen to choose the area of interest for focus.

✓ REMOTE SETTINGS:

Change the settings of the camera remotely without touching the camera: ISO, aperture, shutter speed, white balance, etc.

✓ SHOOTING MODE:

Shoot photos in single shot mode or continuous mode.

✓ METERING MODE:

Change the metering mode via the App.

✓ PREVIEW OF DEPTH OF FIELD:

Get a preview of the depth of field so you can know what will the photo really be before you get it.

✓ REMOTE MANUAL FOCUS:

We support remote control of manual focus in case you are not satisfied with AF, or you are not able to use it. You can tune the focus in different steps.

✓ LIVE VIEW ZOOM:

We can support live view zoom in ROI (Region of interest) for user to check the details.

✓ RECORDING:

We support recording mode for DSLR.

✓ GALLERY:

Remotely view the contents inside the camera memory and download from the camera via the app.

✓ GALLERY WEB SERVER

Share your pictures with your friends with the embedded web server. They won't need to install the app, simply access the gallery via its IP address (available on QR Code in Help Menu). Up to 20 people can access the web server at once.

WEYE FEYE™

FEATURES:

- ✓ Dimensions: 83mm x 45mm x 16.5mm
- ✓ Battery: Lithium polymer - 2100mAh
- ✓ Battery-Life: 7/8 hours
- ✓ Signal distance: 80m (depending on conditions)
- ✓ Wi-Fi: Wi-Fi technology 802.11n
- ✓ List of some compatible cameras: Canon 6D, Canon 450D, Canon 50D, Canon 7D, Canon 5D II, Canon 60D, Canon 650D, Canon 600D, Canon 5D III, Nikon D5100, Nikon D600, Nikon D7000, Nikon D300, Nikon D700, Nikon D300s, Nikon D800, Nikon D90

PRO RANGE

WEYE FEYE S™

Wi-Fi link your digital camera to your smart device.

LINK YOUR DIGITAL EYE WITH YOUR SMART DEVICE AND INSTANTLY REVIEW, EDIT AND SHARE YOUR CONTENT ON ALL SOCIAL MEDIA PLATFORMS. Or further. Taking our original Weye Feye we stripped it back to the essence of what it could be, while still allowing you to truly LIVE.CAPTURE.SHARE. Tapping the power of our innovative App, Weye Feye S provides the link between these three creative elements. We streamlined the steps you need to take to share your experiences with your world, so you can remain focused on what matters most.

KEY FEATURES:

- ✓ Built in Wi-Fi with 80m signal range
- ✓ 0.2 sec latency. That's fast.
- ✓ Up to 8 hours operational battery life
- ✓ Embedded web server, share with up to 20 different devices

MOUNTING

✓ GALLERY

View, select and download the images from the camera's memory to the smartphone or tablet directly and share them instantly.

✓ GALLERY WEB SERVER

The integrated web server (easily accessible with QR Code) allows up to 20 users to access the gallery from a browser.

✓ SHARE

Photo & Video sharing is supported instantly through the social networks or other platforms installed on your device when internet access is configured.

✓ INTERNET ACCESS

Once you connect your 3G/4G compatible mobile device to a Wi-Fi network, it will automatically switch off 3G/4G access. To solve this issue and to let you share your contents instantly, we added an AP- & Station-Mode. It means that this device can be configured to connect to a router that has internet access.

✓ SUPPORTED MODELS

WEYEFEYE S™ is compatible with most models of DSLR, compact and hybrid cameras.

Supported cameras protocols in general:

- PTP based cameras, e.g: Canon®, Nikon®
- USB Mass storage based cameras, e.g: GoPro HERO® series, Sony® NEX series, Sony® QX series, Pentax®.

Share Instantly
WEYEFEYE S™

PRORANGE

X-STEADY

WHY LOCK YOUR CAMERA TO A FIXED POSITION WHEN YOU CAN MOVE IT AROUND FREELY WHILE GETTING SMOOTH-AS-SILK RECORDING?

The X-Steady handheld camera stabilizer is the solution that brings together mobility and function. Its smart foldable design makes it compact, lightweight and easy to set up; perfect to catch the moment in seconds. Its universal camera base plate enables you to load any device weighting up to 2kg with a few screw turns.

FEATURES:

- ✓ Weight: 408g (without the weights)
- ✓ Dimensions: 85x65x275mm
- ✓ Suitable for cameras: 450g-2kg
- ✓ Adjustment scale (front and back): 35mm + 35mm
- ✓ Adjustment scale (left and right): 20mm + 20mm
- ✓ Counterweights:
- ✓ Heavy: 148g
- ✓ Medium: 47g
- ✓ Light: 35g

Made of quality materials, X-Steady guarantees a long-lasting and secure usage, whatever the weather conditions. It is designed to absorb shocks in order to allow for creativity and freedom of movement. With practice you will be steering your camera through three dimensions smoothly without a second thought. X-Steady will provide you with fluid motion control, adding a dynamic flair to your movies.

PRORANGE

TRANSFORMER CLASSIC

VERSATILE MINI TRIPOD

Transformer Classic the same as Pro but without magnet. Open up new creative viewpoints with our robust yet lightweight Transformer Classic.

FEATURES:

- ✓ Modular legs you can shape into virtually any form for no compromise on angles.
- ✓ Interchangeable feet can be switched out on the fly.
- ✓ 1/4" universal screw. Capture from innovative perspectives without intruding on the action.

SUCTION CUP

MAGNET

SPIKE

RUBBER

SET OF 4
INTERCHANGEABLE FEET

TRANSFORMER PRO

ENGAGE NEW PERSPECTIVES

Based on our Transformer Classic, we've added more feet and tweaked the modular joints to meet the high standards of the demanding user. Open up new viewpoints on just about any surface thanks to the 4 interchangeable feet.

FEATURES:

- ✓ Modular legs you can shape into virtually any form for no compromise on angles.
- ✓ 1/4" universal screw.
- ✓ Interchangeable feet can be switched out on the fly.
- ✓ Dependable grip on metallic surfaces
- ✓ Powerful, non-marking grip on smooth surfaces
- ✓ Ideal for sand, snow and other soft surfaces
- ✓ Perfect for daily use

PRO RANGE

TRIFOLD PRO

MASTER THE PERSPECTIVE.

Capture that second angle perfectly or film a session with smooth, fluid style without the shake. Trifold Pro is more than just a tripod. Solid yet lightweight aluminium construction allow you to use it as a second remote viewpoint. Set it up as a camera steadyshot rig for your cleanest shots ever - the multifunction pouch doubles as a support belt. Style with ease.

FEATURES:

- ✓ Weight: 670g
- ✓ Min. length: 12cm
- ✓ Max. length: 41cm
- ✓ Max. camera weight: 2kg
- ✓ Speed-Release plate. Click on, swipe out.
- ✓ Ball head. For the perfect angle.
- ✓ Touch Locks. One finger operation on opening, closing and flattening.
- ✓ Quick Lock legs. Twist to lock or release.

U-SHOT PRO

The Pro-version of the U-Shot. A telescopic pole in ultra light carbon fibre, extendable from 35 to 96cm. The high density foam handle ensures a great grip. The 1/4" universal screw fits all cameras and a 1/4" screw thread placed on the bottom enables you to connect it to other accessories such as tripods and leashes. Easy to carry in its own shoulder pouch.

FEATURES:

- ✓ Weight: 314g
- ✓ Min. length: 35cm
- ✓ Max. length: 96cm
- ✓ Max. camera weight: 3kg

KONG U-SHOT

This telescopic pole is lightweight (630g), but strong enough to support up to 3.5kg of equipment and can be combined with all kinds of devices and tripods. You can extend it up to 155cm in one fast gesture or slowly to create a travelling effect for your video.

FEATURES:

- ✓ 3 sections
- ✓ Weight: 630g
- ✓ Min. length: 67cm
- ✓ Max. length: 155cm
- ✓ Max. camera weight: 3.5kg

X-CRANE MINI

The X-Crane Mini is adaptable to all digital cameras, camcorders and tripods in a few screw turns. It takes up to 5kg of equipment, despite being as light as a feather (1.52kg). Made of 100% carbon fibre, this video crane is resistant and durable, so that you can use it in any conditions. Its telescopic arm can extend up to 2m and performs a 360° rotation. Like a pro, you can conveniently mount a whole array of accessories to the crane in a secure way to optimize the experience. Mobile, versatile yet stable and reliable, X-Crane Mini will enable you to reach new heights in action capture.

FEATURES:

- ✓ Strong 6 Layer 100% carbon fibre sections
- ✓ Precise CNC machining provides high quality and anodized black finish increases durability
- ✓ Weight: 1.52kg
- ✓ Folded Length: 75cm
- ✓ Extended Length: 200cm
- ✓ Maximum Radius: 120cm
- ✓ Tilt Length: 210cm
- ✓ Max. Load: 5kg
- ✓ Tube Diameter: 30mm
- ✓ Comes in a carry bag

PRORANGE Black **box** series

An ultra resistant travel case for all your high-tech and objects and devices. Made of ultra high-impact proof ABS Plastic, the Black Box is shockproof, waterproof, dustproof and resistant to corrosion. It is designed to adapt to extreme conditions from -40°C to 80°C. The removable foam parts allow you to create the perfect set up inside your Black Box according to the devices you need to carry.

FEATURES:

- ✓ Lifetime warranty
- ✓ ABS construction
- ✓ Available in 2 colours: black, red

Cord Cam Wrist. model

Cord Cam Arm model

CORD CAM LEASH

Push yourself to the limits without stressing about losing your gear with the Cord Cam inspired by surf leash. The 1/4" universal screw fits all cameras and keeps them safe and on hand to catch the moment.

The Cord Cam is easy to use:

just strap it on your arm with a double-Velcro closure while the double swivel head avoids the cord to get tangled. Take a plunge into the action whatever the conditions thanks to the stretchable, ultra-resistant urethane cord securing your device at all times.

The Cord Cam also provides an integrated key pocket.

XSTRAP

XStrap is a mount specially designed for tubular surfaces. The zip-tie closure and anti-slip lining ensure a firm grip to securely mount all kinds of devices on the universal screw. The rotating head can be adjusted to a 45 angle in any direction. XStrap can be fixed on various XSories products such as the U-Shot, the X-Crane Mini, the U-Shot Pro or the Kong U-Shot and is compatible with the Pholder. It is a great accessory to create ultra-functional and versatile product combos.

FEATURES:

- ✓ Materials: ABS, metal
- ✓ Diameter: 20-50mm

PHOLDER

Thanks to the universal screw thread, the Pholder enables you to fix your smartphone to any tripod or pole. Achieve steady photos/videos with unique angles with your iPhone/iPod Touch or any standard smartphone. The new collection comes in five glossy and vivid colours matching the stylish U-Shot.

FEATURES:

- ✓ Materials: ABS plastic, metal
- ✓ Max. load: 275g
- ✓ Available colours: black, blue, orange

PHOLDER 2.0

Thanks to the universal screw thread, the Pholder 2.0 enables you to fix any smartphone/tablet to a tripod or pole like the U-Shot. The powerful pincher grip holds your device safely, in portrait or landscape orientation. Achieve steady photos/videos with unique angles with the Pholder, made of solid and lightweight aluminium.

FEATURES:

- ✓ Materials: aluminium
- ✓ Weight: 42g
- ✓ Max. load: 500g
- ✓ Available colours: silver/orange, silver/black, silver/pink

COMBO SERIES

FIX, TILT & SHOOT

A PACK DESIGNED FOR YOU TO MAKE THE MOST OF THE U-SHOT POSSIBILITIES.

U-SHOT: Thanks to the 1/4" universal screw, you can connect any type of compact camera in a fast and secure way. U-Shot is easy to carry and quickly adjustable to the desired length. Available in orange.

TILTEE: Tiltee is an aluminium ball-head with 1/4" universal screw and thread for optimum compatibility with all kinds of cameras. It connects the U-Shot with the magnetic or suction cup foot for an enhanced tilt.

MAGNETIC FOOT: The magnetic foot is ideal for metallic surfaces.

SUCTION CUP FOOT: The suction cup foot works on smooth surfaces such as glass and vehicle bodywork.

The special pack "Big U-Shot+Cord Cam" has been designed for you to achieve new angles while capturing your moments. Use your camera in a secure way, without losing it, whatever the conditions, whether you're surfing or skiing.

BIG U-SHOT + CORD CAM

- ✓ Output: DC -4.2V 600mA -8.4V 600mA-AA/AAA: 1.4V 600mA -USB: 5V 1000mA
- ✓ Dimensions: 118x68x29mm
- ✓ Weight: 132gm

RECHARGE

XS CAR CHARGER

Recharge two devices at the same time via the dual USB port. The XS Car Charger is compatible with virtually any device thanks to the two retractable cables (Micro-USB and 30-pin) and the adapter (Mini-USB).

FEATURES:

- ✓ Materials: ABS
- ✓ Input voltage: 12 – 24V DC
- ✓ Output voltage: 5V
- ✓ Output current: 2.1A
- ✓ Retractable USB to 30-pin cable (80cm) / Micro-USB to Mini-USB adapter

ROAM X CUBE

The RoamX Cube is a pocket travel adapter with three kinds of plugs making it compatible with the electrical sockets in more than 150 countries. Its dual USB port enables you to charge two devices at the same time thanks to the solid power output of 2,100mA. The power light indicator shows the charging status of the device and the built-in safety shutters automatically lock the plugs you are not using.

FEATURES:

- ✓ AC max.: 6A/250V
- ✓ Dual USB output: max. 2,100mA/5V
- ✓ Materials: ABS, metal
- ✓ Available colours: White, black, grey, blue, orange, green and yellow

PROTECT

THE XSORIES® SILICONE COVERS FOR GOPRO® HD HERO3 CAMERAS OFFER A LOT MORE THAN JUST A SIMPLE AND EFFECTIVE WAY TO PIMP YOUR CAMERA.

FEATURES:

- ✔ Material: silicone
- ✔ Available colours: black, white, blue, pink, orange, yellow, grey, green, camo

HOODED SILICONE COVER HD3

Mattify your camera so that there are no reflections on the clear housing when shooting. The hood prevents reflections on the LCD screen for improved shooting and playback visibility. Among the nine colours of the range, choose the right one to hide the camera in any environment, on your vehicle, surfboard, etc. Choose a bright colour to make sure you'll find your camera whatever the conditions in case you lose it. Many users have reported that the Silicone Covers help to significantly improve battery life in cold conditions. Simply protect your gear.

SILICONE COVER HD3 & HD3+

PROTECT, SECURE, INSULATE.

Silicone Cover envelops your camera for increased performance and durability. Dress up bright to find your camera almost anywhere, or dress down stealth to conceal its presence. Shoot longer in cold conditions and keep the housing closed under the most demanding circumstances.

FEATURES:

- ✔ Material: silicone
- ✔ Available colours: black, white, blue, pink, orange, yellow, grey, green, camo
